

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2022/4401
Application type	Conservation Area Notification
Site Address:	54 Highgate High Street, London, N6 5HX
Proposal	Five Day Notice for works to the Sycamore tree which have had to be undertaken due to a hazardous branch failure within a pre-school nursery location. As demonstrated within site photographs, the largely dead form in conjunction with the presence of the fungal fruiting bodies of Kretzschmaria deusta at the base and ongoing winter weather conditions elevated the priority status of the works to make the area / pre-school environment safe. Tree requires immediate removal to dispense with duty of care.

RECOMMENDATION:	No Objection	
Application date	13/12/2022	
Tree Inspector	DM	Date: 14 th December 2022

Site

The Sycamore *Acer* tree, as seen in the photographs, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Hornsey High Street Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Five Day Notice for works to the Sycamore tree which have had to be undertaken due to a hazardous branch failure within a pre-school nursery location. As demonstrated within site photographs, the largely dead form in conjunction with the presence of the fungal fruiting bodies of *Kretzschmaria deusta* at the base and ongoing winter weather conditions elevated the priority status of the works to make the area / pre-school environment safe. Tree requires immediate removal to dispense with duty of care.

Issues

I hold no objection to the removal of the large dead Sycamore tree that is clearly decayed at the base.

There is a condition to re plant dead, dying, and dangerous trees in a Conservation Area.

Recommendation

No Objection

Condition: Re plant 10-12cm girth *Prunus avium*
