The Birch tree, as marked on the plan, is situated in the rear garden of the property. It is publicly visible from Rookfield Avenue.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Birch - Reduce unruly growth at the top of the tree (approx. 1.5m height and 0.5m spread)

Crown lift to a height of 2.4m

Issues

I hold no objections to the reasonable, sensitive, and pruning works to the peripheral growth.

The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection
