

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2023/2762
Application type	Conservation Area Notification
Site Address:	Flat 1, 56 Coolhurst Road, Hornsey, London, N8 8EU
Proposal	T1 Sycamore Far rear boundary Goals: • Crown thin 20% to give better crown structure, definition, more light and air penetration. Crown lift by reducing/removing lower limbs growing over neighbours to give 6.0 metres ground clearance. Using hand tools only to give the best finishing cuts. • Reduce and/or remove dead, live branches as needed T2 Yew Right hand side far rear of garden Goals: • Trim to reshape • Reduce live branches as needed T3 Sycamore Left hand side boundary Goals: • Crown thin 20% to give better crown structure, definition, more light and air penetration. Crown lift by reducing/removing lower limbs growing over neighbours to give 6.0 metres ground clearance. Using hand tools only to give the best finishing cuts. • Reduce and/or remove dead, live branches as needed T4 Holly Right hand side boundary Goals: • Crown reduction in height down to approximately 6.0 metres in standing height and shape spread to leave a balanced crown. • Reduce live branches as needed T5 Magnolia Rear garden of Flat 1 Goals: • Crown reduction by removing 1.5 - 2.0 metres growth in height and spread pruning back to suitable growth points to leave a balanced crown. Crown thin 20% to give better crown structure and definition. Using hand tools only to give the best finishing cuts. • Reduce and/or remove dead, live branches as needed T6 Sumac Neighbours tree overhanging rear garden of Flat 1 Goals: • Reduce limb overhanging garden back to boundary pruning back to suitable growth points • Reduce live branches as needed.

RECOMMENDATION:	No Objection	
Application date	13/10/2023	
Tree Inspector	DM	Date: 2 nd November 2023

Site

The various trees, as listed above, and shown in the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 Sycamore Far rear boundary

Goals:

- Crown thin 20% to give better crown structure, definition, more light and air penetration.

Crown lift by reducing/removing lower limbs growing over neighbours to give 6.0 metres ground clearance.

Using hand tools only to give the best finishing cuts.

- Reduce and/or remove dead, live branches as needed

T2 Yew Right hand side far rear of garden

Goals:

- Trim to reshape
- Reduce live branches as needed

T3 Sycamore Left hand side boundary

Goals:

- Crown thin 20% to give better crown structure, definition, more light and air penetration.

Crown lift by reducing/removing lower limbs growing over neighbours to give 6.0 metres ground clearance.

Using hand tools only to give the best finishing cuts.

- Reduce and/or remove dead, live branches as needed

T4 Holly Right hand side boundary

Goals:

- Crown reduction in height down to approximately 6.0 metres in standing height and shape spread to leave a

balanced crown.

- Reduce live branches as needed

T5 Magnolia Rear garden of Flat 1

Goals:

- Crown reduction by removing 1.5 - 2.0 metres growth in height and spread pruning back to suitable growth

points to leave a balanced crown.

Crown thin 20% to give better crown structure and definition.

Using hand tools only to give the best finishing cuts.

- Reduce and/or remove dead, live branches as needed

T6 Sumac Neighbours tree overhanging rear garden of Flat 1

Goals:

- Reduce limb overhanging garden back to boundary pruning back to suitable growth points
- Reduce live branches as needed.

Issues

I hold no objections to the proposed reasonable sensitive and sympathetic pruning works.

The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection
