Site

The various trees, as listed above and marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Magnolia (T1) - reduce by 1.5m, back to previous cuts

Purple plum (T3) - reduce by 2.5m on all aspects

Pittosporum (T4) - reduce by 2m in height.

To let more light into the garden.

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within good arboricultural practice and husbandry.
