Site

The Willow tree T3, as marked on the plan, and shown in the reports, is situated in the rear garden of the property. It is not publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (21/06/2023 at approximately 10am).

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T3 Willow - Fell and treat stump with eco plugs to combat subsidence.

Issues

I hold no objections to the proposed removal or lesser works if desired such as re pollarding as the willow tree is not worthy of a Tree Preservation Order (TPO) when using a methodology to rate its worthiness for a TPO.

Recommendation

No Objection
