Site

The Tree of Heaven tree, as marked on the plan, and seen in the photographs, is situated in the front garden of the property. It is publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (27/10/2023 at approximately 12pm).

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

We would like to prune the tree that is between the plot of 1A Crouch Hall Road (Ground Flat) and 1G Crouch Hall Road, as some branches are falling and obstructing the gutters and causing safety concerns.

Issues

I hold no objections to the proposed pruning works.

The contractor has confirmed an overall crown reduction of 2- 3m.

The specification is within good arboricultural practice and husbandry.

The adjacent Tree of Heaven has been reduced about two years ago. The reduction of the above tree will bring both crowns into one aesthetic crown when viewed from a distance.

Tree of Heaven trees generally respond well to crown reductions.

Recommendation

No Objection
