

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/0144
Application type	Conservation Area Notification
Site Address:	50 North Hill, Hornsey, London, N6 4RH
Proposal	Tilia Europea x 3 - Reduce crown height by 20% - growing too tall, blocking light. (Marked 1 on plan) Fagus sylvatica - Thin crown and reduce by 20%, filling garden and terrace, pushing against house. (Marked 2 on plan)

RECOMMENDATION:	No Objection	
Application date	19/01/2026	
Tree Inspector	DM	Date: 5 th February 2026

Site

The various trees, as listed above, marked on the sketch plan, and seen in the photographs, are situated in the grounds of the property. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Tilia Europea x 3 - Reduce crown height by 20% - growing too tall, blocking light. (Marked 1 on plan)

Fagus sylvatica - Thin crown and reduce by 20%, filling garden and terrace, pushing against house. (Marked 2 on plan)

Issues

I hold no objections to the reasonable proposed pruning works.

The Limes will be reduced to the previous point (2.5- 3m) and the overall reduction to the Beech tree will equate up to 2m.

Both species generally respond well to such reductions and management regimes.

Recommendation

No Objection
