Site

The trees Rowan T1 and Smoke Bush T2, as marked on the plan, are situated in the rear and front gardens of the property. They are not publicly visible to the rear.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 Rowan: crown reduction removing up to 2m from branch ends

T2 Smoke bush Tree: Crown reduction, removing up to 2m from branch ends

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within good arboricultural practice and husbandry.

The species generally responds well to such management regimes.

Recommendation

No Objection
