Site

The various trees, as listed above, marked on the sketch plan, and seen in the photographs are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Alexandra Park Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

H1: Hedge including cypress, cedar and yew (8m): Reduce height to level of laurel to keep tree at size suitable for its location and as part of regular maintenance

T1: Silver birch (10m): Reduce height by 3m and shape to keep tree at size suitable for its location and as part of regular maintenance

Issues

I hold no objections to the proposed reasonable pruning works.

The reduction of the hedge will make future management easier.

The specification is within standard good arboricultural practice and husbandry.

Recommendation

No Objection
