March 6th 2026.

Dear Haringey Planning,

Comments on Planning Application No: HGY/2026/0373 for 5 Whittington Road, N22 8YS

I am unsure who the owner/applicant is of this property. (redacted). I do not know who the current sole owner is. I am unsure as to whether Alade-Yusuff is indeed the owner.

The Application says that prior advice was not sought from the local authority. It may not have been 'sought', but advice was given by John Ayers who advised them that it was in a Conservation Area, that no works could be done to the front to alter the look, and that a planning application should be submitted and agreed before any work to the property commenced. This advice was not followed, and work started on the back of the property.

I attach a photo to show what has happened so far at the back. You can see that the unauthorised unfinished extension on the first floor roof has two windows. As shown in the Proposed Elevations submitted, this extension is shown to have only one window. I believe that drawings should show what is genuinely proposed.

I do not object in principle to the roof extensions at the back, primarily because number 3 has done something similar already.

I do **object strongly** in principle to the roof lights in the front roof.

This is in a Conservation Area where the roofs do not have rooflights except one or two that were inserted before the Conservation Area status. I believe this detracts from the design integrity of the building and the Conservation Area.

Yours sincerely,

Caroline Simpson
