Application type	Conservation Area Notification
Site Address:	1 Parham Way, Hornsey, London, N10 2AT
Proposal	G1- Group of sixteen Hornbeam trees on right side of garden - (7m) - Crown reduction of up to 3 metres on larger trees and less on smaller trees (back to just previous pruning points) lightly prune back side over garden leaving a natural look, lift to two metres from ground level

RECOMMENDATION:	No Objection	
Application date		
Tree Inspector	DM	Date: rd 2026

Site

The sixteen Hornbeam trees, as seen in the photographs and marked on the sketch plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Alexandra Park Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

G1- Group of sixteen Hornbeam trees on right side of garden - (7m) - Crown reduction of up to 3 metres on larger trees and less on smaller trees (back to just previous pruning points) lightly prune back side over garden leaving a natural look, lift to two metres from ground level

Issues

I hold no objections to the reasonable repeat proposed pruning works to prune back to the most recent previous points.

The specification is within standard good arboricultural practice and husbandry.

The species generally responds well to such reductions and management regimes.

Recommendation

No Objection
