Site

The willow tree, as marked on the plan, and seen in the photograph, is situated in the rear neighbouring garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1: Willow – prune back as many overhanging branches as possible back to boundary without climbing tree (approx. 6m)

Issues

I hold no objections for the applicant to reasonably practice their common law right to prune back to the boundary only, without trespassing, unbalancing the crown to jeopardise the safety of the tree, and to offer the arisings back to the landowner.

It is prudent and courteous to inform the neighbour that you intend to carry out one's common law right.

It is my understanding that the applicant has already spoken and informed their neighbours of their intentions.

Recommendation

No Objection
