

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/0497
Application type	Conservation Area Notification
Site Address:	21 Western Road, Hornsey, London, N2 9JB
Proposal	T1 – Yew - (Taxus) - Carefully trim and shape the crown on all sides to improve overall form, ensuring a tidy and aesthetically pleasing appearance while maintaining the tree's natural shape. T2 – Pine - (Pinus) - Remove all major deadwood throughout the crown. Remove one decaying limb overhanging the property entrance to mitigate risk. Reduce the lateral limb encroaching over the property by approximately 2 metres to provide adequate clearance from the roof and prevent future structural interference. T3 – Bay - (Laurus nobilis) - Lightly trim and shape to improve form and symmetry, creating a neat and aesthetically pleasing appearance while retaining the natural character of the tree.

RECOMMENDATION:	No Objection	
Application date	24/02/2026	
Tree Inspector	DM	Date: 12 th March 2026

The various trees, as listed above, marked on the sketch plan, and seen on street view, are situated in the front and rear garden of the property. They are not publicly visible to the rear.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 – Yew - (Taxus) - Carefully trim and shape the crown on all sides to improve overall form, ensuring a tidy and aesthetically pleasing appearance while maintaining the tree's natural shape.

T2 – Pine - (Pinus) - Remove all major deadwood throughout the crown. Remove one decaying limb overhanging the property entrance to mitigate risk. Reduce the lateral limb encroaching over the property by approximately 2 metres to provide adequate clearance from the roof and prevent future structural interference.

T3 – Bay - (Laurus nobilis) - Lightly trim and shape to improve form and symmetry, creating a neat and aesthetically pleasing appearance while retaining the natural character of the tree

Issues

I hold no objections to the sensitive reasonable proposed pruning works, the specification is within standard good arboricultural practice and husbandry.

Recommendation

No Objection
