

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/0383
Application type	Conservation Area Notification
Site Address:	21 Collingwood Avenue Hornsey London N10 3EH
Proposal	T1- Eucalyptus tree with decayed trunk and presence of Ganoderma brackets - cut to ground level

RECOMMENDATION:	No Objection	
Application date	12/02/2026	
Tree Inspector	DM	Date: 17 th March 2026

Site

The mature Eucalyptus tree T1, as marked on the sketch plan, and seen in the photographs, is situated in the rear garden of the property. It is not publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (16/03/2026 at approximately 12:10pm).

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1- Eucalyptus tree with decayed trunk and presence of Ganoderma brackets - cut to ground level

Issues

I hold no objections for the removal of the Eucalyptus tree.

The tree has been regularly pollarded to keep in scale with its surroundings.

An inspection revealed a large *Ganoderma* spp. present along with >70% of the stem with dead peeling bark, dead cambium, closed cavity (entry point for pathogen), mycelium activity under the bark, along with wood borers.

The tree does provide screening on the back boarder and breaks the line of the structures. However, the applicant intends to re plant with a more suitable species.

Recommendation

No Objection
