A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

1) 8 x Lime trees around car park area: Re-pollard by 2.5 metres to previous, most recent reduction framework

Issues

I hold no objections to the reasonable proposed re pollarding pruning works.

The specification is within standard good arboricultural practice and husbandry.

Yje species generally responds well from such reductions and management regimes.

Recommendation

No Objection
