| <b>Application date</b> | 12/03/2026          |                                          |
| <b>Tree Inspector</b>   | DM                  | <b>Date:</b> 30 <sup>th</sup> March 2026 |

## **Site**

The various trees, as listed above and marked on the plan, are situated in the rear garden of the property. They are indiscernibly publicly visible from Coolhurst Road.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed.

T1 - Silver Birch - Crown reduction by 2m in height and 0.5m in lateral growth, leaving the tree a standing height of 5m

T2 - Small Sycamore - Felling to ground level.

T3 - Conifer - Reducing height by 3m and trimming sides to neaten by 0.5m

T4 - Cherry - Crown reduction by 2m in height and 1m in lateral growth leaving the tree a standing height of 4m

T5 - Willow - Pollard back to the previous pruning points by 2m leaving the tree a standing height of 5m

T6 - Cotoneaster - Crown reduction by 0.5m in height bring in a lateral growth to shape by 0.5m

T7 - Apple - Crown reduction by 1m in height bring lateral growth to shape by 0.5m leave the tree stand in height of 3m

T8 - Apple - Crown reduction by 0.5m in Hyatt bringing in lateral growth to shape by 0.5m leaving the tree standing in height of 3m

## **Issues**

I hold no objections to the proposed reasonable pruning works.

The specification is within standard good arboricultural practice and husbandry.

## **Recommendation**

**No Objection**
