Site

The trees, as listed above and marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1: Medium Oak. Reduce by 1-2m back to previous pruning points.

T2: Small birch. Reduce by 1-2m back to previous pruning points

Issues

I hold no objections to the repeat reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

The species generally respond well to such reductions and management regimes.

Recommendation

No Objection
