Conflicts of Information
It still remains the responsibility of the installer/contractor to ensure that there are no conflicts with information provided for ourselves & that of any manufacturers information or relevant requirements of statuary Bodies or Client specification/EI's. If any conflicts do exist it is the responsibility of the Installer/Contractor to inform The Consultant/Client immediately /verbally & in writing.

WARNING TO HOUSE PURCHASERS - Property Misdescriptions Act 1991
Buyers are warned that this is a working drawing and is not intended to be treated as descriptive material describing, in relation to any descriptive material describing, in relation to any descriptive particular property or development, any of the Specific Matters prescribed by an Order made under the above Act. The contents of this drawing may be subject to change at any time & alterations and variations can occur during the progress of the works without revision of the drawing. Consequently the finished works & dimensions of the finished construction may differ materially from those shown. Nor do the contents of this drawing constitute a contract, part of any contract or a warranty.

Refer to drawing 10687-E-00-SW-0002(1)

NOTES

General Electrical Notes

- Mechanical services shown for coordination purposes only. Refer to mechanical drawings for mechanical services information.
- Before commencing work on site, please read Design Risk Management Information.
- All manufacturer's instructions to be reviewed prior to installation.
- All electrical installations shall be carried out in accordance with BS 7671.
- This drawing is to be read in conjunction with the electrical symbols legend & typical mounting heights drawings.
- Where electrical boxes, conduits, trunking, pattresses or luminaires penetrate floors, walls, roofs, ceilings or other partitions, they must be suitably fire-stopped in order to arrest the spread of fire through the electrical system; as per section 527.2 of BS 7671 and Approved Document B.
- Dimensioned setting out details to be confirmed by architect.
- All discrepancies are to be queried with WGA before works commence.

Drawing Specific Notes

- Note 1.01 - Light to be mounted at 1.5 meters
- Note 1.02 - Light fitting to be wired from local lighting circuit within building

LEGEND

Symbol	Description	
C1	Column placement position EWO FA770 A-Series Column AS08 Beam Angle 4m mounted column	
W1	BEGA Shielded Bulkhead LED BW Product Code : 24023K3 IP44 rated 2.4m wall mounted shielded luminaire.	
W2	Delta Light NV HELI X SCREEN LED Product Code : 202 04 22 Concrete Box Housing: 270 11 187 IP54 rated 0.45m wall mounted luminaire
