

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road, N22 7TY

Application number	HGY/2026/0672
Application type	Tree Preservation Order application
Site Address:	19 Broadlands Road Hornsey London N6 4AE
Proposal	Works to tree protected by a TPO. T1) Mature Beech at front of property: Overall crown reduction by up to 1.5 metres, (pruning secondary growth only to retain natural integrity of outer canopy); remove any dead and defective branchwood. All work within previous management framework; maintaining current size to minimise risk of damage to surrounding infrastructure including severely bowed wall adjacent to road. (Works to T2 - Buckeye will be considered separately under Section 211 Notice HGY/2026/0685 as these trees are not protected by a TPO but are located within a Conservation Area)

RECOMMENDATION:	No Objection	
Application date	10/03/2026	
Tree Inspector	DM	Date: 7 th April 2026

Site

The mature Beech tree T1. As seen in the marked-up photograph, and seen on the plan, is situated in the front garden of the property. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to tree protected by a TPO.

T1) Mature Beech at front of property: Overall crown reduction by up to 1.5 metres, (pruning secondary growth only to retain natural integrity of outer canopy); remove any dead and defective branchwood. All work within previous management framework; maintaining current size to minimise risk of damage to surrounding infrastructure including severely bowed wall adjacent to road.

(Works to T2 - Buckeye will be considered separately under Section 211 Notice HGY/2026/0685 as these trees are not protected by a TPO but are located within a Conservation Area)

Issues

I hold no objections to the sensitive, reasonable proposed pruning works.

From the photograph the Beech has been lightly reduced before.

The specification is within standard good arboricultural practice and husbandry.

Recommendation

No Objection
