Site

The mature trees T1 & T2, as marked on the sketch plan, and seen in the photograph are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1- Ash tree- crown reduction back to most recent pruning points (approximately 4m reduction) T2- Ash tree- crown reduction back to most recent pruning points (approximately 4m reduction)

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

The species generally responds well from such management reductions and regimes.

Recommendation

No Objection
