

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/0867
Application type	Conservation Area Notification
Site Address:	17 Ennis Road, Hornsey, London, N4 3HD
Proposal	T1 - Fig Tree - Ficus Carica - Undertake selective pruning to reduce overhanging branches encroaching from the neighbouring tree, cutting back to appropriate growth points in accordance with good arboricultural practice. The works are proposed to prevent further contact with, and potential damage to, the boundary wall, while maintaining the health, structure, and natural form of the tree

RECOMMENDATION:	No Objection	
Application date	26/03/2026	
Tree Inspector	DM	Date: 15 th April 2026

Site

The Ficus tree, as marked on the plans, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 - Fig Tree - Ficus Carica - Undertake selective pruning to reduce overhanging branches encroaching from the neighbouring tree, cutting back to appropriate growth points in accordance with good arboricultural practice. The works are proposed to prevent further contact with, and potential damage to, the boundary wall, while maintaining the health, structure, and natural form of the tree

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice, and husbandry.

The species generally responds well from such pruning.

This appears to be to carry out one's common law right.

It is a courtesy and prudent to inform the adjacent landowner that common law right is to be practiced.

Recommendation

No Objection
