| Application number | HGY/2026/0849                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Application type   | Conservation Area Notification                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Site Address:      | 19 North Grove, Hornsey, London, N6 4SH                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| Proposal           | <p>T1 - apple tree (10m) - reduce crown to previous pruning points, approximately 1.5m reduction, remove epicormic shoots from main stem and limbs and reduce low branch growing towards #17 back by approximately 2.5m to balance crown.</p> <p>T2 - lime tree (9m) - reduce overhanging branches back to boundary from ground level with pole pruners.</p> <p>T3 - lime tree (9m) - reduce overhanging branches back to boundary from ground level with pole pruners</p> |

|                  |              |                                   |
|------------------|--------------|-----------------------------------|
| RECOMMENDATION:  | No Objection |                                   |
| Application date | 25/03/2026   |                                   |
| Tree Inspector   | DM           | Date: 15 <sup>th</sup> April 2026 |

## **Site**

The various trees, as listed above, seen in the photographs, and marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed.

T1 - apple tree (10m) - reduce crown to previous pruning points, approximately 1.5m reduction, remove epicormic shoots from main stem and limbs and reduce low branch growing towards #17 back by approximately 2.5m to balance crown.

T2 - lime tree (9m) - reduce overhanging branches back to boundary from ground level with pole pruners.

T3 - lime tree (9m) - reduce overhanging branches back to boundary from ground level with pole pruners

## **Issues**

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

The species generally responds well to such reductions.

## **Recommendation**

**No Objection**
