A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Goat Willow (T1): Fell

Issues

I hold no objection to the removal of the Goat Willow that has no wider amenity value and is not worthy of further protection.

The tree has a tight convex union.

The applicant intends to re plant with a suitable species.

Recommendation

No Objection
