## **Site**

The Holm Oak tree T1, as marked on the plan, is situated in the front grounds of the property. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order (TPO)

## **Proposal**

Tree works proposed.

Works to tree protected by a TPO.

T1 - Holm Oak - Quercus Ilex - Crown reduction by 2m in height and 2m in lateral growth back to previous pruning points, leaving buds to encourage regrowth. Leaving the tree a standing height of 8m

## **Issues**

I hold no objections to the reasonable repeat proposed reduction back to the most recent previous pruning points.

The specification is within good arboricultural practice and husbandry.

The species generally responds well to such reductions and management regimes.

## **Recommendation**

**No Objection**
