

Planning Officer
London Borough of Haringey

1 May 2026

Dear Sir / Madam,

The National Grid (North London Reinforcement Project) Order 2014

Formal submission for Requirement 11 Contaminated land and groundwater

Enclosed with this letter is the formal submission for the discharge of Requirement 11 of the National Grid (North London Reinforcement Project) Order 2014 (the Order) for Stage 5h of the development. The document being discharged is the Contaminated Land and Groundwater report for Requirement 11 alongside the contents of this letter.

Requirement 11: Contaminated land and groundwater states:

“(1) No stage of the authorised development shall commence until a written scheme applicable to that stage, to deal with the contamination of any land, including groundwater, within the Order limits which is likely to cause significant harm to persons or pollution of controlled waters or the environment has, after consultation with the Environment Agency, been submitted to and approved by the relevant planning authority.

(2) Each scheme submitted under requirement 11(1) shall include an investigation and assessment plan and relevant reports, prepared by a specialist consultant approved by the relevant planning authority in consultation with the Environment Agency, to identify the extent of any contamination and the remedial measures to be taken to render the land fit for its intended purpose, together with a management plan which sets out immediate and long-term remedial measures with respect to any contaminants found to be remaining on the site. The plan shall include a scheme of post-remedial monitoring, as necessary to demonstrate that the remediation works have been carried out appropriately and site remediation criteria have been met.”

Consultation has been undertaken with the Environment Agency on 16 March 2026. Therefore, the formal consultation requirements for Requirement 11 have been met.

The application

The application seeks to discharge requirement 11 in full.

It is expected that this requirement will be discharged by 3 June 2026, assuming that the application for discharge is transferred from the Planning Portal to the London Borough of Haringey by 6 May 2026. This period of time is in accordance with Section 1 (1), Schedule 3 (Discharge of Requirements) of the Order which states that the relevant authority must notify National Grid (as the undertaker) of any decision within a period of 28 days from the business day after the application is made.

National Grid will pay a fee of £400 as prescribed under section 303 and 333 (2A) of the Town and Country Planning Act 1990.

Should there be any queries about the submission, please do not hesitate to reach out.

Yours sincerely
