

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/1135	
Application type	Conservation Area Notification	
Site Address:	The Studio, Dukes Head Yard, Hornsey, London, N6 5JQ	
Proposal	Rear of The Studio: T1 & T2: 2 x Mature Apple's: Approximately 5.00m-6.00m: Reduce back to previous and recent points of reduction whilst preserving approximately 30% of shortened furnishing growth approximately 0.50m to ensure crown continuity and preserve a natural crown line. Remove major dead wood throughout the crowns. General maintenance. T3: Mature Yew Tree: Approximately 8.00m: Reduce crown height by approximately 1.20m-1.50m as is practicable whilst preserving adequate foliage cover and therefore perceived density. Reduce lateral and sub lateral branches overhanging the garden by up to approximately 0.50m. To help control encroachment. H1: Yew Hedge: Approximately 2.50m: Reduce height by approximately 0.40m as is practicable whilst preserving adequate outer branch structure. Trim lateral growth to tidy. General maintenance. T4: Fig: Approximately 4.00m-5.00m: Remove stems growing away from the wall, preserve the main espaliered stems as main framework. Remove minor growth by reducing back to previous points of reduction, preserve 30% of furnishing growth which should be shortened to approximately 20cm-30cm. Remove dead wood. T5: Large Shrub Feijoa: Approximately 5.00m: Reduce crown by up to approximately 1.30m. General maintenance. T6: Bay: Approximately 1.50m: Fell to ground level. Growing within very close proximity to the building. Replacement tree will be re planted further away from the building	

RECOMMENDATION:	No Objection	
Application date		
Tree Inspector	DM	Date: rd 2026

Site

The various trees, as listed above and marked on the plan, are situated in the rear of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Rear of The Studio:

T1 & T2: 2 x Mature Apple's: Approximately 5.00m-6.00m: Reduce back to previous and recent points of reduction whilst preserving approximately 30% of shortened furnishing growth approximately 0.50m to ensure crown continuity and preserve a natural crown line. Remove major dead wood throughout the crowns. General maintenance.

T3: Mature Yew Tree: Approximately 8.00m: Reduce crown height by approximately 1.20m-1.50m as is practicable whilst preserving adequate foliage cover and therefore perceived density. Reduce lateral and sub lateral branches overhanging the garden by up to approximately 0.50m. To help control encroachment.

H1: Yew Hedge: Approximately 2.50m: Reduce height by approximately 0.40m as is practicable whilst preserving adequate outer branch structure.

Trim lateral growth to tidy. General maintenance.

T4: Fig: Approximately 4.00m-5.00m: Remove stems growing away from the wall, preserve the main espaliered stems as main framework. Remove minor growth by reducing back to previous points of reduction, preserve 30% of furnishing growth which should be shortened to approximately 20cm-30cm.

Remove dead wood.

T5: Large Shrub Feijoa: Approximately 5.00m: Reduce crown by up to approximately 1.30m. General maintenance.

T6: Bay: Approximately 1.50m: Fell to ground level. Growing within very close proximity to the building. Replacement tree will be re planted further away from the building

Issues

I hold no objection to the reasonable sensitive proposed pruning and proposals.

The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection
