Subject: Re: Application for a permission to remove a dead tree

Dear James,

Thank you so much for your quick response and sending all the information!

The tree is a pear or plum tree - we had two sets of gardeners stating different information, so not 100% sure. Only the fact that it is dead is sure, I am afraid. I attach some photos - largely covered with ivy, so hard to see on the photos the actual tree, just some of the dry branches sticking out. Please let me know if you would need more information regarding this.

Best wishes,

Eleonora

Good evening Eleonora, I hope you're well.

Many thanks for your email.

The locality is covered by the Highgate Conservation Area, and under normal circumstances a Six Week Notice would be required for any works to the tree you mention. However, if the tree is definitively dead, then there is an exemption in the regulations which allows for its removal once five working days' notice have been given to the Council. Further details on the relevant legislation and regulations may be found here: <https://www.gov.uk/guidance/tree-preservation-orders-and-trees-in-conservation-areas#Section-211-notices>

If you could please confirm the species of the tree (if known) and provide any photographs of the tree that you might have as visual evidence that it has died, then I will be able to register your Five Day Notice onto our database for our Tree Officer to assess for you.

I hope this is helpful (and makes sense!) - & with my very best wishes -

Kind Regards

James Argles

Subject: Application for a permission to remove a dead tree

Hello,

We have a tree in our back garden that unfortunately has died. The address is N6 5LW, 97A Hornsey Lane and it is a private house. Can you please let me know the steps of the application process?

Thank you.

Kind regards,

Eleonora Laczova
