Site

The various trees, as listed above, and marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Chinese privet x3 - reduce height by 1.5m, trim sides in line.

Robinia - reduce branches over patio by 1m.

Apple - reduce outlying branches in line with rest of crown (1m off).

Sycamore (in no. 4) - reduce branches overhanging client's garden to 1m below previous (3m off)

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practices and husbandry.

If practicing one's common law right, it is prudent and courteous to inform the neighbouring landowner.

Recommendation

No Objection
