RECOMMENDATION

Approve with Conditions

1. Proposed Development

This is an application for a replacement door to the ground floor front elevation of converted property.

2. Site and Surroundings

The application site is a two-storey terraced building located on the southern side of Wimborne Road. The application site is not located within a conservation area.

3. Relevant Planning and Enforcement History

OLD/1985/1664 - Alterations and change of use to a group home. Approve with Conditions - 30/4/1985

OLD/1987/2165 - 5/8/86 Conversion into two self-contained flats. Ground floor flats to wheelchair standard – Approve with Conditions - 7/3/1987

5. Local Representations

The application has been publicised by way of letters sent to neighbouring properties. No representations were received from neighbours, local groups, etc.

6. Material Planning Considerations

The main planning considerations raised by the proposed development are:

1. Design and Impact of the proposed development on the Character and Appearance of the Area;

Policy DM1 (Delivering High Quality Design) states that 'all new development and changes of use must achieve a high standard of design and contribute to the distinctive character and amenity of

the local area', development 'a) must relate positively to neighbouring structures, new or old, to create a harmonious whole; b) make a positive contribute to a place improving the character and quality of an area; c) confidently address feedback from local consultation; d) demonstrate how the quality of development will be secured when it is built; e) are inclusive and incorporate sustainable design and construction principles'.

The proposed development would replace the existing door on the ground floor with a double-glazed door with a fanlight. The proposed development simplifies the historic detailing of the door design and replaces it with an appropriately subservient style. It is not considered to unduly impact upon the character and appearance of the area and is therefore considered to be acceptable in this regard.

There are no amenity considerations identified with this proposal and therefore neighbour amenity is protected.

Conclusion

The proposed application for a replacement door to the front elevation located on the ground floor is considered to appropriately respect the of the character and appearance of the area, subservient to the host dwelling and to not present any undue detriment to neighbouring amenity and is therefore considered to be acceptable.

Overall, the proposed development is considered acceptable in terms of design and amenity consolidation, in accordance with Policies DM1 and DM12 of the Development Management, Development Plan Document 2017, and policy SP11 of Haringey's Local Plan Strategic Policies 2017, as well as according with the relevant policies of the London Plan 2021 and the NPPF. All other relevant policies and considerations, including equalities, have been taken into account.
