Site

The mature Lombardy Poplar tree T1, as seen in the photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Five Day Notice

T1: Large Lombardi Poplar: Fell to ground level.

Reason for works: The tree is dying and dangerous

Issues

I hold no objections to the felling of the Lombardy Poplar tree, under a five day notice, and for the reasons given.

The tree has extensive column decay.

There is a duty to replace dead, dying and dangerous trees in a Conservation Area.

Recommendation

No Objection
