Subject: 5 day notice

Hi Daniel

I have a tree at

70 Alexandra Park Road

London

N10

England

He has a like stem that has an insect infestation as a result of a cavity and dead wood above it.

He's looking to retain the tree as it has basal growth but just bring down by 50% to make it safe.
It's pretty gone and likely to be blown over if it gets windy.

Can I submit this as a 5 day notice please/

Kind regards

Liam McGough
