Good morning Denny's

It's unlikely that you will receive the certificate this week, as we only conducted the visit on Friday and I am away next week.(from Friday this week)

I would recommend starting the process of the application to Haringey planning who will then request a formal response from our department, and we will be in the position to provide the certificate. Even if you provide the certificate, Haringey planning will still verify its legitimacy with us.

You can supply this email to planning as a **letter of comfort** that the Block D2 has achieved Secured by Design accreditation, once I return from leave in a weeks' time, I will forward the certificate and respond to any request from Haringey accordingly.

Hope this assists

Regards

Lee
