Site

The mature Oak tree T1 as marked on the plan, and seen in the photograph, is situated in the front garden of the property. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The tree/s are protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Oak T1 (16M high, 1100mm dia.) - The crown was previously reduced in 2021.

1. Trim back to the previous points, keeping healthy growth and a balanced crown, reducing by up to one metre.

2. Remove deadwood

Issues

I hold no objections to the repeat reasonable proposed pruning works to prune back to the most recent previous points.

The specification is within standard good arboricultural practice and husbandry.

The species generally responds well to such management regimes.

Recommendation

No Objection
