

7/10/10

NOTES
 All building and any dimensions levels and square meter levels of
 construction are to be checked prior to sale by the
 purchaser before the commencement of works. All dimensions are to be
 checked prior to the placement of orders for materials in the formation
 of work and any discrepancy amounts or order to be reported to the
 architect immediately for resolution.

DISCLAIMER
 The Contractor is to comply with current Building Regulations. Before
 structural works start, Building Regulations will, whether or not
 specifically stated on the drawings. The drawings must be checked
 against and read in conjunction with any drawings or documents
 provided and design documentation provided.
