Dear Sir / Madam,

The National Grid (North London Reinforcement Project) Order 2014

Formal submission of Requirement 13 Construction Environmental Management Plan [Stage 5h]

Enclosed with this letter is the formal submission for the discharge of Requirement 13 Construction Environmental Management Plan of the North London Reinforcement Order 2014 (the Order).

Requirement 13 (1) states:

"No stage of the authorised development shall commence until a construction environmental management plan for that stage specifying measures to be used to minimise the impacts of construction works, such as means of minimising pollution from dust, noise, vibration and lighting, wheel cleansing facilities, routes for construction traffic and working hours and reflecting the measures included in the environmental measures document has, after consultation with the Lee Valley Regional Park Authority where it refers to any land within the boundary of the Lee Valley Regional Park, been approved by the relevant planning authority."

These documents are relevant to Stage 5h of the Development.

Lee Valley Regional Park Authority (LVRPA) were consulted on the contents of the Requirement 13 reporting on 8 May 2026. Their comments were incorporated into this submission.

It is expected that this requirement will be discharged by 08 July 2026. This is in accordance with Section 1 (1), Schedule 3 (Discharge of Requirements) of the Order which states that the relevant authority must notify National Grid (as the undertaker) of any decision within a period of 28 days from the business day after the application is made.

National Grid will pay a fee of £400 as prescribed under section 303 and 333 (2A) of the Town and Country Planning Act 1990.

Yours sincerely

James Lambert
