Site

The various trees, as highlighted in the condition survey, and marked on the maps, are situated in the communal grounds of the property. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Alexandra Palace Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

All works as per spreadsheet in files

Issues

I hold no objections to the proposed reasonable works that have arisen from a condition survey.

The specification is within standard good arboricultural practice and husbandry.

There is a duty to re plant dead, dying, and dangerous trees in a Conservation Area.

Recommendation

No Objection
