Application for a Non-Material Amendment Following a Grant of Planning Permission

Town and Country Planning Act 1990 (as amended)

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Site Location

Disclaimer: We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

Eligibility

Does the applicant have an interest in the part of the land to which this amendment relates?

- ☒ Yes
☐ No

If the applicant is not the sole owner, has notification under Article 10 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended) been given?

- ☐ Yes
☐ No
☒ Not applicable

Description of Your Proposal

Please provide the description of the approved development as shown on the decision letter

Construction of 66 new affordable homes across two new buildings of six storeys each. These include 13 x 1 bed 2 person flats, 1 x 2 bed 3 person maisonette, 27 x 2 bed 4 person flats, 1 x 3 bed 5 person maisonette and 24 x 3 bed 5 person flats.

Reference number

HGY/2024/3315

Date of decision

28/08/2025

What was the original application type?

Full planning permission

For the purpose of calculating fees, which of the following best describes the original development type?

- ☐ **Householder development:** Development to an existing dwelling-house or development within its curtilage
☒ **Other:** Anything not covered by the above category

Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Refer to the cover letter - copied section below:

The amendments arise from the continued technical design development of the approved scheme and principally relate to matters of compliance, coordination and buildability. In summary, the changes include the minor internal repositioning of the substation and electrical switch room to satisfy UKPN requirements, a minor repositioning of Block 1's footprint to avoid existing underground services, refinements to balcony projections, removal or relocation of items affecting fire escape routes, enclosure of lift lobbies and addition of roof AOVs for fire strategy compliance, minor amendments to entrance arrangements, external column cladding, brick bonding and coursing details, roof-level coordination, and the addition of entrance canopies to support Part M compliance.

These changes are considered to be non-material in planning terms. They do not alter the fundamental nature of the approved development, the approved residential use, the number of homes, the overall architectural intent, or the planning principles established by the consented scheme. The amendments are limited in scope and have been developed to ensure that the approved development can be delivered in a coordinated, compliant and buildable manner.

Where any potential risk of material planning impact could arise, this has been appropriately addressed through supporting information. In particular, the updated daylight and sunlight analysis (SFM-NRG-XX-XX-RP-EN-0002_Daylight And Sunlight Review) assesses the minor adjustment to the Block 1 footprint and concludes that there would be no adverse impact to Block 2 or to existing neighbouring buildings. An arboricultural report addendum has also been provided (26652_ARBAddendum_SFM_042026), confirming that the amendments would not result in any additional impact on retained trees beyond that already assessed and accepted under the original planning consent.

Please state why you wish to make this amendment

Refer to the application report by Delta Architects - copied section below:

These proposed changes to planning permission HGY/2024/3315 mainly respond to structural requirements, UKPN requirements, and fire safety compliance. They have also been proposed with the intention to improve the scheme compliance with Building Regulations and to reduce design hazard risks.

The proposed plans and elevations can have developed from planning stage to construction, in the process of coordination with the Structural Engineer, MEP Engineer, Fire Consultant, SBD Officer, and other consultants.

Are you intending to substitute amended plans or drawings?

- ☒ Yes
- ☐ No

If yes, please complete the following details

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☒ Yes
☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☒ The agent
☐ The applicant
☐ Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☒ Yes
☐ No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title

***** REDACTED *****

First Name

***** REDACTED *****

Surname

***** REDACTED *****

Reference

28/04/2026

Details of the pre-application advice received

Advised that the changes discussed and shown in the report document should be considered non-material, and that a S96A application would be appropriate to cover these.

Emphasised the importance of clear documentation - to avoid confusion regarding proposed design updates/non-material changes. This led to an updated document being produced in line with the comments; removing backgrounds from drawings that were confusing - and adding clear notes regarding what changes are being proposed.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Declaration

I/We hereby apply for Non-Material Amendment as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration

Signed

Aisling Carron

Amendments Summary

After a meeting with the planners on 17/06 comments were received to recommend approval.

These comments were implemented, and include changing the external columns by the main entrance of Block 1 from red brick cladding to white brick, as well as adding 5x privacy screens to the North East corner of the Block 1 walkway.

These changes are seen in the overall NMA report (split 1-4), as well as the proposed elevations drawings numbered 'SFM-DAR-XX-XX-DR-A-0400' and 'SFM-DAR-XX-XX-DR-A-0401'.
