Site

The two Cypress trees T1 & T2 as marked on the plan and seen in the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Rear garden: cypress x2 (T1 & T2) - fell.

Reason: to allow for new planting in the garden. The garden hasn't been maintained in years

Issues

I hold no objections to the removal of the low-grade Cypress trees that have no wider amenity value and are not worthy of retention.

One of the Cypress trees has been topped.

The applicant intends to re plant.

Recommendation

No Objection
