Site

The small Holm Oak tree is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Holm Oak (T1) - reduce height back to previous cuts (2m off) and reduce lateral branches by up to 1m. To let more light into the communal garden and allow for underplanting. The tree has been heavily pruned in the past and now is maintained with a smaller canopy

Issues

I hold no objections to the repeat reasonable proposed pruning.

The Holm Oak's size has been curtailed to a more controllable height.

Recommendation

No Objection
