date 31 January 1985

Dear Sir

Town & Country Planning Act 1971
365-369 Green Lanes, London N4.

Further to our telephone conversation of this morning, I am writing to confirm that I have substituted your drawings as submitted on the 8th January 1985 for the approved plans as they do not represent a material change. The approved plans are now nos. HGY/28804 Revision D, applicant's drawing nos. 593/1B, 2B 3B.

The scheme should now be constructed in accordance with these plans including the provision of soundproofing between the second floor kitchens and first floor bedrooms in all the buildings. The conditions imposed on the planning consent dated 12th June 1984 do, of course, still apply.

I apologise for having to write again, I believe my previous letter may have been mislaid before posting at our end.

Yours faithfully

A handwritten signature in dark ink, appearing to read "Nigel Pallace", written over a horizontal line.

Nigel Pallace
