RECOMMENDATION:	No Objection	
Application date	11/06/2026

Site

The young Holm Oak tree, as marked on the plan, and seen in the photograph, is situated in the rear garden of the property. It is indiscernibly publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1: Holm Oak (6m): Fell to ground level as hampered by surrounding vegetation

Issues

I hold no objections for the removal of the low-grade Holm Oak that is not worthy of further protection.

There is plenty of tree cover in the immediate area and there will be no significant impact on the character of the area.

Recommendation

No Objection
