

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/1700
Application type	Conservation Area Notification
Site Address:	17 Parklands, Cholmeley Park, Hornsey, London, N6 5FE
Proposal	T1 - Sycamore - Reduce/pollard 2 lower stems growing over garden of 16, back to previous points of reduction (6-7m branch removal) This tree hasn't been pruned for many years and has shed multiple branches onto the neighbours garden

RECOMMENDATION:	No Objection	
Application date	6/06/2026	
Tree Inspector	DM	Date: 1 st July 2026

Site

The Sycamore tree T1, as seen in the photographs, and marked on the sketch plan, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 - Sycamore - Reduce/pollard 2 lower stems growing over garden of 16, back to previous points of reduction (6-7m branch removal)

This tree hasn't been pruned for many years and has shed multiple branches onto the neighbours garden

Issues

I hold no objections to the proportional care and repeat reasonable works to reduce the two lowest branches.

The specification is within standard good arboricultural practice and husbandry.

The species generally responds well from such management regimes.

If this a neighbouring third party tree, then their permission will be required for the tree works if access is required.

If this is practicing one's common law right back to the boundary it is still prudent and courteous to inform the adjacent landowner.

Recommendation

No Objection
