Comment:

The details relating to condition 3 (Method of Construction Statement) attached to planning application ref: HGY/2026/0343 maybe approved and condition subsequently discharged subject to the following being completed:

1. The applicant should provide an indicative construction/demolition work programme with indicative start and end dates.
2. Some indication should be given as to what green/reverse logistics measures will be applied, to minimise waste movements.
3. The applicant needs to ensure that all construction/demolition movements are not only fully covered but fully secured.

Transport Recommendations:

The details relating to condition 3 maybe approved and the condition subsequently discharged subject to the above-mentioned issues being addressed.
