Site

The mature Bay tree, as marked on the sketch plan, and seen on Google Street View, is situated in the front garden of the property. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Front Garden: On the boundary of No.57/59 Chomley Crescent:

*T1: Mature Bay: Approximately 7.00m: Reduce crown by 30-40%, reducing back to previous and most recent points of reduction, approximately 1.50m. Remove dead wood.
General maintenance*

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

The species generally responds well to such reductions and management regimes.

Recommendation

No Objection
