Subject: RE: Highgate SBD

Good afternoon Carlota

Thankyou for showing me around today, very useful and gave a great insight into the type of care home that is being developed

Will review the notes for the development in due course, but it can be agreed that patient rooms are not required to be PAS24 but I would ask that the specification of the doors be sent to me (fire door rating and types of locks used) and that the garage door is accepted with an induction loop to exit and keypad/call entry system(to reception)

Speak soon

Regards

Lee

Subject: Highgate SBD

Dear Lee,

Thank you very much for taking the time to visit our Hurlingham home today.

I have checked with the team regarding CCTV internally and we do not have it to the corridors due to privacy and dignity, we do however have it to all the key entrance points.

We have the same CCTV specifications for Highgate with it covering the key entrance points.

I hope your journey back was not too hot!

Best,
Carlota
