

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/1877
Application type	Conservation Area Notification
Site Address:	52 Avenue Road, Hornsey, London, N6 5DR
Proposal	(T1) Birch - Height of tree has been reduced poorly in the last couple of years, leaving several dead stubs. Proposing to reduce height back to appropriate growth points (maximum 1m), predominantly just removing the dead stems and minor reduction to lateral spread, up to 1m. This is to balance shape. (T2) Willow - This has been managed as a pollard. Proposing to repollard back to old reduction points, removing approximately 3m of growth. This is to manage size of tree and prevent failure of branches. (Works to T3 Pear will be considered separately under tree works application ref. HGY/2026/1877, as this tree is protected by a TPO)

RECOMMENDATION:	No Objection	
Application date	06/07/2026	
Tree Inspector	DM	Date: 27 th April 2026

Site

The trees T1 Birch, and T23 Willow, as marked on the sketch plan, and seen in the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

(T1) Birch - Height of tree has been reduced poorly in the last couple of years, leaving several dead stubs. Proposing to reduce height back to appropriate growth points (maximum 1m), predominantly just removing the dead stems and minor reduction to lateral spread, up to 1m. This is to balance shape.

(T2) Willow - This has been managed as a pollard. Proposing to repollard back to old reduction points, removing approximately 3m of growth. This is to manage size of tree and prevent failure of branches.

(Works to T3 Pear will be considered separately under tree works application ref. HGY/2026/1877, as this tree is protected by a TPO)

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

Recommendation

No Objection
