Site

The various trees as listed above, and marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate 1 Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T01 - Lime tree - re-pollard to previous reduction points.

T02 - Purple Leaf Plum - reduction and reshape.

T03 - Self-set Sycamores growing out from under decking - cut to ground level

Issues

I hold no objections to the reasonable proposed pruning works. The species generally respond well to such reductions, and management regimes.

Recommendation

No Objection
