Site

The various trees as listed above, as marked on the sketch plan, and seen in the photographs, are situated in the rear garden of the property and at the front on the street. They are not publicly visible to the rear..

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1- Neighbours Hazel tree- prune back overhanging branches back to boundary.

T2- Neighbours Ash tree- Prune back low overhanging branches with poles from ground level by up to 2m.

T3- Neighbours shrubs - Prune back overhang close to boundary.

G1- Pleached Portuguese Laurels - Prune back all sides and top to bring back into shape.

T4- Street tree- Maple- Reduce branches overhanging front garden back to boundary

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

When practicing one's common law right of pruning back to the boundary only, without trespassing, and offering the arisings back it is prudent and courteous to inform the adjacent landowner.

Recommendation

No Objection
