Dear Steve,

thank you for showing me earlier on the trial paint and mastic colour options to one of the windows surround on third floor at the Civic Centre.

As discussed, the Sandstone paint colour is a very good match to the GRC tone, and the Portland mastic colour seems to be the closes match to the preferred paint, although slightly lighter.

I enclose the photos I have taken onsite this morning.

We discussed that the façade weathering should progressively uniform both the paint and mastic colours over time.

I accordingly confirm my support for the use of these two finishes to the windows surrounds of the listed building.

Please submit the agreed material specification as part of discharge of condition 3(f) of LBC HGY/2023/1044 and any other condition you deem relevant.

Kind Regards,

Elisabetta
