Site

The Holly T1 & Yew T2 trees, as seen in the photograph and marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 Holly - fell

T2 Yew - trim and reshape (20% overall reduction from 6m to 5m)

Issues

I hold no objections to the proposed works.

The Holly T1 is low grade and poor form. Its removal will have no arboricultural impact on the area.

The works to T2 is within standard good arboricultural practice and husbandry.

Recommendation

No Objection
